Extension of district. 2. (1.) Any area adjacent to the district of the Board may be added to the district in manner provided by this section.

(2.) The local authority of the district in which any such area is situated may of its own motion, and shall, on the petition of not less than one-tenth of the electors within the area, cause a poll of the electors to be taken on a proposal that the area be added to the district.

(3.) Such poll shall be taken in the manner prescribed by the Local Elections and Polls Act, 1908.

(4.) For the purposes of a poll under this section every person shall be qualified to be enrolled as an elector who, if the area to which the proposal relates were a borough, would be qualified to be enrolled as an elector of the borough.

(5.) A proposal under this section shall be deemed to be carried if a majority of the valid votes recorded at the poll is in favour of the proposal.

(6.) If a proposal under this section to add any area to the district is carried the Governor-General may, by Proclamation, declare that such area shall, as from a date to be specified in the Proclamation, form part of the district; and may, by that or a subsequent Proclamation, add that area to an existing subdistrict, or may apportion the area among two or more existing subdistricts, or may declare the area to form one or more new subdistricts.

(7.) Every Proclamation under this section shall have effect according to its tenor.

3. Section forty-four of the principal Act is hereby amended by omitting the words—

Section 44 of
principal Act

“Provided that no such sewerage area shall at any time be enlarged except with the consent of the ratepayers of the proposed new area obtained in the manner prescribed by the Local Elections Act, 1904.”

4. Section three of the Christchurch District Drainage Act, 1909, is hereby repealed.

Section 3 of
Christchurch
District Drainage
Act, 1909, repealed.

5. Section forty-seven of the principal Act is hereby amended by adding the following words to subsection two:—

Section 47 of

“Provided that at any poll taken by the Board under the said Act a majority of the total valid votes recorded shall suffice to carry the proposal.”

6. (1.) When the Board proposes to construct any drainage-works in any part of the district it may, before entering upon the construction of such works, define and create a special area comprising the lands that will be benefited directly or indirectly by such works; and the Board may from time to time, as it thinks fit, classify all lands in this special area so created into the following classes, that is to say:—

Classification of
drainage area.

(a.) Lands receiving or likely to receive immediate and direct benefit from the construction of the drainage-works:

(b.) Lands receiving or likely to receive less direct benefit therefrom:

(c.) Lands receiving or likely to receive only an indirect benefit therefrom.

(2.) Any lands in the district may be included in a special area under this section, notwithstanding that it may not be the intention of the Board to construct any drainage-works therein, or to extend any existing drainage-works therein.

(3.) The rates to be levied to defray the cost and maintenance of such drainage-work may be levied upon the said three classes of land in such proportion as the Board in each case appoints.

7. Where any classification is made as aforesaid the same shall be made and entered on a classification list, and the same shall be signed by the Chairman of the Board, and the Board shall cause to be given public notice of such classification and of the place where the list may be inspected for a period of twenty-one days; and the person having the custody of such classification list shall permit the

upon any matter which he deems necessary to enable him to determine the question raised by such petition.

(2.) Such Commission shall have all the powers of a Commission appointed under the Commissions of Inquiry Act, 1908.
